Takeaway Notes:	~ Retail Industry ~

Overview: The Dayton family that established the Dayton-Hudson-Target Stores empire, also established the 5% Club, honoring corporations which charitably distribute 5% of their pre-tax profits. While the 5% Club still exists, the number of members are dwindling and most corporations are proud to distribute 1.5% or 2% of pre-tax earnings.

Currently, the Foundation only awards grants to organizations in its homestate of Minnesota. Organizations in other states need to apply through their local Mervyn's or Target Stores or through the Target Corporate Giving Program.

The Foundation supports arts programs and cultural organizations that promote visibility and accessibility at a community level. The foundation also provides support for social service programs that address the basic needs of individuals or families at risk by providing shelter, food, and clothing.
